

The Spirit of the Laws

The **Spirit of the Laws** series illuminates the nature of legal systems throughout the world. Titles in the series are concerned less with the rules of the law and more with the relationships of the laws in each system with religion and moral perspectives; the degree of complexity and abstraction; classifications; attitudes to possible sources of law; authority; and values enshrined in law. Topics covered in the series include Roman law, Chinese law, biblical law, Talmudic law, canon law, common law, Hindu law, customary law, Japanese law, and international law.
